COUNTRY ROAD BOARD

WANTS MONEY AND NOT SUBSTITUTES

R. H. E.

A. S. Daumer, who was named by the county road board as collector of the road tax for 1914, is to receive 16 per cent commission. Last year the board paid 16-2 per cent.

John Beaven, chairman of the county road board, hopes that people who do not intend to work out the road tax themselves will pay the tax instead of giving the money to workmen who are not efficient. Last year the road foremen had to refuse to accept 16-17-year-old boys and sometimes public old men who could not work. On other occasions, too many workmen would report and get in one another's way, and on other occasions too few men for the work to be done turned up.

The money paid directly into the hands of the county road board means that every dollar will be expended to the best advantage; but that plan the community gets the benefit of every cent spent on road work.

Mr. Beaven and James F. Mullin, supervisor of the Manzano-Zuni national forest, will go over the stretch the county is to improve on the Tierra canyon road. The county expects to start improving the road soon.

Most Skin Trouble Readily Overcome

The Active Principle of a Famous Kennedy Works Wonders.

Many people have marveled the way S. S. overcomes skin troubles. The explanation is that the fair, S. S. works in the blood and the blood is really a most intricate and extraordinary mass of arteries and veins.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. that follow the course of the blood streams just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains the active principle of which is to stimulate the tissues to the healthy selection of its own essential nutrients. And the medicinal elements of this medicine are in themselves just as potent as well-balanced food with the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not one drop of minerals or drugs is used in the preparation of S. S. and if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the manufacturer, S. S. Co., 229 Swift Building, Atlanta, Ga.

Do not allow some seasons clerk's eloquence over something "just as good" as S. S. to fool you with the same old drugs. Be wary of all substitutes, built upon S. S. S.

in displaying Bernallillo county's advantages at the San Diego fair. The board, after some consideration, decided to defer
